

This is the 2013 Carbon Neutral Action Report for Community Living British Columbia. This report contains our 2013 emissions profile, offsets purchased, the actions we have taken in 2013 to reduce our GHG emissions and our plans to continue reducing emissions in 2014 and beyond.

By June 30, community Living BC's final CNAR will be posted to our website at www.communitylivingbc.ca.

Community Living British Columbia (CLBC) encourages staff to be aware of opportunities in and outside the workplace to reduce our carbon footprint. The Go Green office leads play a big role in promoting recycling programs in our offices and tips and information is provided on CLBC's website (www.communitylivingbc.ca/about-us/governance/go-green).

Emissions and Offsets Summary:

CLBC GHG Emissions and Offsets for 2013 (TCO2E)
