

## COMMUNITY ACTION EMPLOYMENT PLAN FACTSHEET

---

### GOVERNMENT PARTNERS – YOUR ROLE

Employment is a priority for people of all abilities. The goal of the Community Action Employment Plan (the Plan) is to increase the number of people with developmental disabilities who are working, and for people who are already employed, but want to work more, with increased opportunities for employment.

A key part of this work is the development of Local Employment Action Plans (LEAP) to advance inclusive employment in a way that meets the specific needs of each community across B.C.

Everyone has a role to play in developing a LEAP for their community, and everyone stands to benefit from its success.

Over the next three years, government partners at the local level will be asked to focus on these key objectives from the Plan:

- Support solutions to increase the use of WorkBC by CLBC job seekers
- Support a one government approach for increasing employment among youth and young adults
- Participate in the development of Local Employment Action Plans
