doing to raise awareness.
 Service Redesign Plan – brief overview of initiatives and issues i.e. new Contract Management Suite, re-allocation of resources and funding etc.
 Crisis Response – working on ensuring good quality response.
 Community Connector Project.

2.2.2 – Quality Assurance – Mark Christie

Support request report provided to highlight current status of support requests added and removed as well as types of services requested. Noted that process in place to develop system to access localized data however it is not yet available.

2.2.3– CPD Manager Updates – Andrew Fidell

Community Connector – Jay Townsend – purpose was to connect individuals with community (non-funded supports). Now winding down and waiting for summary reports. Report will determine future initiatives and possible expansion of program.

Jay (along with Alan Craig) held two types of training and orientation events in several communities – focused on community connecting. Audience included home share providers and other service providers. Jay is also offering full-day sessions in seven communities across the region. Invitees have included service providers, families, schools, and other community members.

Community Engagement – most Facilitator staff are involved in some form of community engagement projects. i.e. Connecting with banks to discuss disability savings plans, employment opportunities, inviting non-traditional community agencies to staff meetings, doing video work etc.

Updated Employability Pamphlets provided.

2.3 – Provincial Advisory Committee – Russ Kiel

Meeting held by Ross Spina with CLBC board directors and management, however no details put forward at this time. Russ to advise once this information is provided.

TOPIC	DISCUSSION
<p>3 – Business Arising</p>	<p>3.1 – Elevator Statement – Tiffany Iles</p> <p>Introduced updated elevator statement, asked for comments, changes. Advised that this now must go to CLBC communications department for review and approval.</p> <p>3.2 – Housing – Eugene Hrushowy</p> <p>Previously a major Central Island project, a builder has contacted Eugene with regard to how to build a home that meets special needs standards. Referred to Andrew to dialogue with Port Alberni officials to proceed further.</p> <p>3.3 – Youth Transitioning Report – Russ Kiel</p> <p>Found protocols in place for this project. The only issue is whether or not action is currently being taken. Part of planning for a youth involved choosing a Transition Plan Leader; the difficulty is who to appoint and what are the accountability requirements. A formal plan is to assist people from an early age to prepare for transition. Would like to see more formalized method of planning versus less formal linkages alone. Link through CLBC website available to MFCD to view protocols.</p> <p>3.4 – Crisis Response – Stephen Russell</p> <p>Overview of partnership between community and RCMP systems, particularly in Campbell River. As per previous meeting minutes, this partnership continues to develop.</p> <p>Central Island - Steering committee now in place with CLBC – partnerships are being developed and growing. A contract person is now in place to support the committee. Training components will be made available in conjunction with crisis support and the contractor will be responsible for arranging meetings between police, prosecutors etc., to brainstorm around high needs “offenders.”</p> <p>Upper Island – working toward developing similar programs in Upper Island as are being worked on in Central Island.</p> <p>Mark addressed issue where contractor gets caught in situation where RCMP don't want to press charges or detain an “offender” but contractor does not have enough support to ensure security. This continues to be an issue that is being addressed.</p>
