

# CLBC Eligibility Form – Review

To be completed by a qualifying practitioner: either a psychologist registered with the College of Psychologists of British Columbia (CPBC), or a psychologist certified by the BC Association of School Psychologists (BCASP). The personal information collected on this form will be treated confidentially in compliance with the Freedom of Information and Protection of Privacy Act.

## Review Summary for:

_____	_____	_____	_____
Last name	First name	Date of Birth (mm/dd/yy)	Completed on (mm/dd/yy)

### SECTION A – Developmental Disability

I am a psychologist registered with the CPBC or certified by the BCASP, and:

- I have and maintain competency in this area of practice (see Eligibility Q&A for Qualifying Practitioners).

I have reviewed the report(s) of \_\_\_\_\_ dated \_\_\_\_\_

Assessing psychologist (mm/dd/yy)

dated \_\_\_\_\_

Assessing psychologist (mm/dd/yy)

I confirm that the information in this (these) report(s): **(check one)**

- Is not consistent with meeting DSM-5 criteria for Intellectual Disability
- Is consistent with meeting DSM-5 criteria for Intellectual Disability or criteria for the DSM-IV-TR disorder that was replaced in the DSM-5 by Intellectual Disability, including:
  - Significantly impaired intellectual functioning with an IQ score of 70 or below (allowing for measurement error of +/-5)
  - Impaired adaptive functioning due to the impairments in intellectual functioning
 PLUS:
  - onset of these impairments before the age of 18 years
- Is consistent with meeting DSM-5 criteria for Intellectual Disability with an IQ score of greater than 70 (allowing for measurement error of +/-5). **\*\*Must be reviewed by a CLBC contracted psychologist** (see Eligibility Q&A for Qualifying Practitioners).

### SECTION B – Personalized Supports Initiative (PSI): Assessment of Adaptive Functioning

Individuals who do not meet DSM-5 criteria for Intellectual Disability may be eligible for the Personalized Supports Initiative (PSI). PSI eligibility is based on significant limitations in adaptive functioning and a diagnosis of either Autism Spectrum Disorder (ASD) or Fetal Alcohol Spectrum Disorder (FASD).

I am a psychologist registered with the CPBC or certified by the BCASP, and:

- I have and maintain competency in this area of practice (see Eligibility Q&A for Qualifying Practitioners).

I have reviewed the report(s) of \_\_\_\_\_ dated \_\_\_\_\_

Assessing psychologist (mm/dd/yy)

dated \_\_\_\_\_

Assessing psychologist (mm/dd/yy)

The report states that the above named individual was assessed using: **(check one)**

- Scales of Independent Behaviour – Revised
- Vineland Adaptive Behaviour Scales
- Adaptive Behaviour Assessment System

I confirm that the reported Global Composite score on the above measure of adaptive functioning is at least **three standard deviations below the mean:**

- Yes       No
