MANAGING THE MONEY: DIRECT FUNDING SIMPLIFIED GUIDE

Introduction

This guide explains the responsibilities for agents managing Direct Funding of $10,000.00 or less during a twelve-month period. It describes the financial procedures and explains how money received through Direct Funding, including for Self-Directed Individual and Family Wellness, can be spent to support an individual.

The agent is the person who signs the Direct Funding Simplified Agreement, and who acts on behalf of an individual. An individual can also act as their own agent. Throughout this guide, ‘you’ refers to the agent.

Agents managing Direct Funding of more than $10,000.00 for an individual annually should refer to the guide called Managing the Money - Direct Funding Standard.

Getting Started

To receive Direct Funding dollars to pay for services, agents will first need to work with Community Living BC (CLBC) to sign a Direct Funding Simplified Agreement.

The Direct Funding Simplified Agreement is a contract between CLBC and the agent who will manage the funding. This agreement identifies:
- Individual who is being supported,
- Amount of funding the agent will receive from CLBC,
- Type of service that is being funded (e.g., Individual and Family Wellness, Community Inclusion, etc.)
- Term of the agreement (start and end dates), and
- Responsibilities of both the agent and CLBC.

Knowing Your Responsibilities

Complying with CLBC Policies

As stated in your Direct Funding Simplified Agreement, Section 4.1 (c), you are responsible, as the agent, to comply with the CLBC policies and procedures that are relevant to your funding agreement. This includes any policies specific to the type of service you are receiving funding for, as well as CLBC policies such as the Service Provision by Family Members Policy that apply to all services provided through CLBC funding.

It is particularly important that as an agent who is hiring or contracting support workers, you review and understand your responsibilities as outlined in the Criminal Record Check Policy – Service Delivery, as well as all other applicable policies. The Criminal Record Check Policy- Service Delivery, and related documents and other CLBC polices are available on the CLBC website (www.communitylivingbc.ca) or ask your CLBC analyst for a copy of the documents.
As the agent for a Direct Funding Simplified Agreement, under the Criminal Records Review Act, you are required to conduct criminal record checks on all employees or contractors working with individuals accessing CLBC-funded services (including Individual and Family Wellness Supports). This means that you are required to create your own Employer Criminal Record Check account through the Ministry of Public Safety and Solicitor General’s Criminal Records Review Program and complete your criminal record checks through this account. For more information, contact:

- Ministry of Public Safety and Solicitor General’s Criminal Records Review Program
  phone: 1-855-587-0185,
  web: www2.gov.bc.ca/gov/content/safety/crime-prevention/criminal-record-check/online-service-information

Legal Responsibilities as an Employer

When you use funds to pay support workers, the workers are considered either “employees” or “contractors,” depending on the facts of the working relationship. This distinction is important in order to understand your legal responsibilities, as Canada Revenue Agency (CRA), Employment Standards Branch (BC), and WorkSafe BC all have rules that define when someone is an employee or a contractor.

As the agent for a Direct Funding Simplified Agreement, you are responsible for determining the definitions that apply to the support workers you pay. If, for example, you are paying someone to provide Individual and Family Wellness Supports, how the supports are provided is a factor in determining whether the support worker is an employee or a contractor (e.g., is the support provided in the Individual and Family Wellness provider’s home or your home? Do you pay hourly for the support or by the day? etc.).

For information about what government agencies you need to contact to find out if your support workers will be considered employees or contractors, please refer to “How to Find Out if your Support Workers are Employees or Contractors” on the CLBC website (www.communitylivingbc.ca) or ask your CLBC analyst for a copy of this document.

If your support workers are employees, you are responsible for fulfilling all legal requirements associated with being an employer. To assist in determining what these responsibilities are, you may need to seek professional advice and/or contact:

- Canada Revenue Agency - phone: 1-800-959-5525, web: www.cra-arc.gc.ca
- WorkSafe BC (Employer Service Centre) - phone: 1-888-922-2768,
  web: www.worksafebc.com/en/for-employers
- BC Employers’ Advisers Office - phone: 1-800-925-2233,

- Vela - phone: 604-539-2488, web: www.velacanada.org
Administering the Money

CLBC will start making payments to you after both you and CLBC sign the Direct Funding Simplified Agreement. This section will help you prepare to receive and manage funding received through a Direct Funding Simplified Agreement.

Bank Accounts

CLBC funds can be deposited into, and purchases paid directly from your personal bank account, or you can choose to use a separate bank account for all your Direct Funding transactions, so they are kept separate from your personal banking transactions. A separate bank account may make it easier for you to manage Direct Funding and keep track of how the money is spent.

The bank account used to manage the money must be in the name of the agent who signed the Direct Funding Simplified Agreement. If you use your personal account, including joint accounts, the account name must contain your name as the agent for the Direct Funding Simplified Agreement.

To help reduce administration costs you should ask your financial institution about your account options, as some banks and credit unions offer free services and/or may waive their typical fees for individuals with developmental disabilities.

Receiving Funds from CLBC

Once your agreement is signed, you will receive your payment by cheque. To have money electronically deposited to your bank account, you will need to submit your bank account information to CLBC.

CLBC will provide you with a Direct Deposit Application form (FIN 312/CLBC) that should be completed so that money can be transferred electronically to the account. Before you complete the Direct Deposit Application, be sure to tell CLBC if you already receive payments or electronic transfers from the BC government so staff can make sure the setup of electronic transfers relating to your Direct Funding agreement goes smoothly. Instructions for completing the Direct Deposit Application are outlined on page 2 of the Direct Deposit Application.

On the Direct Deposit Application, enter the name and location of the bank and the account details (transit and account number) for the bank account you plan to use to manage the money you receive from CLBC. Either attach a copy of a personal pre-printed cheque that includes the account holder’s name and the bank coding information (be sure to mark the cheque as VOID), or have the bank or credit union verify the details on the form by stamping and signing it. If the CLBC agreement or contract is “In Trust” the bank account name must match exactly to the name on your contract or agreement and banking documentation showing the full bank account name is required (a bank’s domicile stamp and signature alone are not sufficient).
Return the completed Direct Deposit Application form by person or mail to your CLBC analyst as soon as possible. CLBC requires the original signed Direct Deposit Application and original supporting documentation.

Payments will be made by CLBC to you once each month, typically on or about the 15th calendar day.

**Paying for Supports and Services**

Wherever possible, you should pay for services you purchase by cheque or e-transfer. Cash may only be used in circumstances where the cost is low, and you are paying for something that would typically be paid for by cash (e.g. bus fare for a support worker). If you make cash withdrawals, obtain and keep receipts showing how you spent the money.

Occasionally, CLBC will review your financial records such as invoices, receipts, paid cheques and e-transfer documentation. Funding may be suspended and/or CLBC may require repayment if inappropriate expenditures or unsupported cash payments or withdrawals have been made (for more information, see section titled “Allowable Expenses”).

**Keeping Financial Records**

You must keep these financial records (invoices, receipts, paid cheques, e-transfer records and any other supporting documents) for everything you spend Direct Funding from CLBC on for at least three years. You will be required to submit copies of these financial records to CLBC if you are selected for audit (for more information, see section titled “Audit by CLBC”).

It is important you obtain receipts and/or invoices from support workers when you pay them. Receipts must be provided by and/or signed by the person you paid to provide the service. A support worker may provide you with an invoice for the service they have provided. An invoice provides details of your purchases but does not confirm that you have paid for them. If you receive an invoice, you also need to show that you have paid the invoice. You can ask the support worker to provide you with a receipt or keep a copy of your paid cheque or e-transfer documentation with the invoice as proof that you have paid it.

For payments to support workers, a receipt, or an invoice with proof of payment, must be obtained that shows:

- The name and contact information of the support worker providing service (i.e., phone number and address)
- A description of the services
- The dates that the service was provided
- The hourly or daily rate charged by the support worker(s)
- The number of hours or days provided by the support worker(s)
- The total amount paid for the services
- Any applicable taxes
- A statement that the services have been paid for
For other purchases you make, the supporting documentation must be itemized and include the details of the nature of your purchases.

You may find it helpful to use the Receipt Template provided at the end of this document.

It is easier to remember what you used the money for if you write it down on the same day that you spend it. To assist you in keeping track of your financial documents, file invoices and receipts supporting each payment in an organized manner - filing by date is normally easiest.

**Audit by CLBC**

Every year, CLBC selects a number of Direct Funding agreements for audit. If you are selected for audit, CLBC will ask you to submit copies of all financial records including invoices, receipts, paid cheques and e-transfer documentation for a particular reporting period. CLBC will review these financial records to make sure that your purchases comply with your Direct Funding Simplified Agreement.

You may be considered ineligible to receive future direct funding if:

- Your purchases are not allowable
- You have not complied with your agreement, and/or
- You have not kept adequate financial records.

CLBC may also require you to pay back money that you have already received if you are unable to satisfactorily show how you spent it.

It is important that you retain all financial records for at least **three years**, because CLBC may select them for audit within that time.

**Repaying Money to CLBC**

CLBC may ask you to repay money in the following circumstances:

- You did not spend or account for all of the money you have received when the term of the agreement ends
- You spent the money on purchases that were not agreed to in your funding agreement

Money that you have not spent at the end of your agreement will not be carried forward for you to spend in a future agreement except in exceptional situations. If you feel that you are encountering an exceptional situation that may require funds to be carried forward to the next agreement, you need to talk with your CLBC analyst as far ahead of the contract renewal date as possible to request consideration for an exception.

After CLBC Accounting Services receives your final Compliance Report they may send you an invoice for any money that was not spent. To pay the invoice, issue a cheque payable to “Community Living BC” and reference the CLBC invoice number on the bottom of the cheque. You can mail the cheque to CLBC at the address indicated on the invoice or drop it off at your local CLBC office.
Funding Shortfalls

It is your responsibility to set up and manage the support services within the amount of money approved in your Direct Funding Simplified Agreement. There is no provision for over-expenditures. If you spend more money than CLBC has agreed to provide, you will have to pay the excess amount from your personal funds.

Purchasing Supports and Services

This section of the guide will help you understand what services or expenses you can purchase with Direct Funding, including Individual and Family Wellness Supports.

Allowable Expenses

CLBC provides funding to pay for the supports and services as identified in your Direct Funding Simplified Agreement. This can include:

- Payments made to the support worker (e.g., contractors or employees) for services provided, and
- Any associated employer costs, e.g., Criminal Record Checks, WorkSafe BC premiums, Employment Insurance, etc. when applicable.

You may use a small portion of the money you receive to pay expenses incurred by your support workers as part of their direct involvement in support activities, for example:

- bus fare
- entrance fees, and
- mileage costs for driving the individual to and from an activity.

These costs should be kept reasonable and itemised on receipts or invoices.

What CLBC considers an allowable expense in direct funding agreements (in addition to the staffing and administrative-related costs noted above) differs depending on what service or support the funding is being used for. The chart below identifies expenses that are allowed and not allowed based on the service funding.

Individual and Family Wellness Supports (Self-Directed)

Families are an important natural support for many individuals and need to be resilient to support their family members. Wellness Supports promote stability, reduce stress, and promote the resilience of individuals and families. Many individuals and families with Direct Funding Simplified Agreements receive funding for Individual and Family Wellness Supports. Wellness Supports provides opportunities for both an individual and their primary caregiver or supporter to have short breaks from their responsibilities and to strengthen their personal skills and capabilities. If you receive Wellness funding, please refer to the Individual and Family Wellness Policy in Appendix A of this guide and to the chart below – “Direct Funding Expenses: What is Allowed?” – to learn more about what you can purchase with your Individual and Family Wellness funding.

Note that as an agent you cannot pay yourself to provide services to the individual. An individual’s spouse, parents or children (i.e., immediate family member) cannot provide services unless CLBC has granted exceptional approval under the Service Provision by Family Members Policy. An immediate family member (i.e., an individual’s parent, spouse, or child) who has been approved as a service provider under the Service Provision by Family Members Policy cannot act as the individual’s agent. If you have any questions about how your funding can be spent, talk to the CLBC analyst who assisted with your agreement or call your local CLBC office and speak to an analyst.
Reporting Back to CLBC

As an agency that receives provincial government funding, CLBC is required to confirm that the money you receive is being used for purchases that are in line with the types of support services identified in your agreement and allowable under policy (for more information, see section titled “Allowable Expenses”). To help with this, you are required to complete Compliance Reports and submit them to CLBC. With a Direct Funding Simplified Agreement, CLBC prefers that you submit Compliance Reports through an online reporting system, however if this is not possible (i.e. you do not have a computer or internet access), you can send them by fax or mail.

Compliance Reports

The Compliance Report gives your declaration to CLBC that the money you received has been spent as intended. It also identifies the amount of money you have spent during the reporting period. If you do not submit your Compliance Reports on time, payments to you may be stopped and you may be asked to repay the money that you have already received from CLBC.

Compliance Reports must be submitted for each six-month period, or less, beginning at the start date and finishing at the end date of your Direct Funding Simplified Agreement. For example, an agreement with a term starting January 1st, 2018 and ending fifteen months later on March 31st, 2019 requires Compliance Reports for the following three periods:

- January 1, 2018 to June 30th, 2018 (6 months),
- July 1, 2018 to December 31st, 2018 (6 months),
- January 1, 2019 to March 31st, 2019 (3 months).

Compliance Reports must be submitted to CLBC no later than 30 days after the end date of the reporting period. In the example above, the first report must be received by July 30 (30 days after June 30th).

If an agreement does not start on the first of the month, the first reporting period is adjusted accordingly. For example, an agreement that starts on September 15, 2019 and ends on August 31, 2021 would have the following reporting periods:

- September 15, 2019 to February 29, 2020
- March 1, 2020 to August 31, 2020
- September 1, 2020 to February 28, 2021
- March 1, 2021 to August 31, 2021.

To make sure funding continues without any interruptions, you must submit Compliance Reports on time. You will be provided with reminders if you are behind in reporting. After three reminders, funding will be stopped until you have sent in all overdue reports. Your Direct Funding Simplified Agreement may not be renewed until any overdue Compliance Reports have been received by CLBC.
Submitting a Compliance Report Online

The online Compliance Report is an electronic financial reporting form submitted through a web portal called the Direct Funding Financial Reporting System. It can be found at https://if.communitylivingbc.ca.

The web-based form consists of four steps in which you enter and review information about the money you received and how you spent it. Once you submit the form, a final screen provides you with a confirmation number and the details of all the information that you submitted.

Summary:

This policy explains CLBC’s Individual and Family Wellness Supports for individuals and families. Wellness Supports help individuals and families to take breaks, recharge themselves, and help keep everyone strong and families together.

This policy explains the 2 types of Individual and Family Wellness Supports.

Self-Directed Wellness Support is paid directly to the individual or family to organize their own support.

Agency-Coordinated Wellness Support is paid to a service provider that helps the individual or family to hire support workers.

The policy gives information on how individuals and families can and cannot use their Self-Directed Wellness Support funding.

1. PURPOSE

CLBC supports individuals to have lives with connection in their communities using natural, generic, and paid supports. Families are an important natural support for many individuals and all family members need to be resilient to support one another. When used effectively, Individual and Family Wellness Supports promote stability, reduce stress, and promote individuals and families’ resilience. CLBC provides Self-Directed Wellness Support through Direct Funding to individuals and families and Agency-Coordinated Wellness Support through contracts with service providers.

This policy provides guidance to individuals and families, as well as service providers and CLBC staff that work with individuals and their families. It applies to individuals receiving no other CLBC-funded supports and those who receive support from family caregivers.

2. DEFINITIONS

Agency-coordinated: Services coordinated by a community-based agency.
Criminal Record Check: A criminal record check refers to the legislative requirement set out in the Criminal Records Review Act which involves a search of police records against a list of “specified or relevant offences”. This list is set out in Schedules (1 and 3) to the Criminal Records Review Act and is designed to capture offenses related to physical, sexual, or financial abuse of vulnerable adults. Criminal record checks are run through the Canadian Police Information Centre, Police Records Information Management Environment (the province’s local police database) and the BC Corrections database only returning records related to these listed offences. Checks are also informed by a search of law enforcement databases, in collaboration with the Royal Canadian Mounted Police’s (RCMP) Criminal Records Review Unit, which returns all information related to the Act’s listed offences, including non-conviction information (e.g. outstanding charges, convictions, criminal investigations as well as incidents that did not result in a charge or conviction) that the RCMP unit assesses as indicative of a likely public safety risk when working with vulnerable adults.

Cultural Safety: An outcome of respectful engagement based on recognition of the power imbalances inherent to service systems, and the work to address these imbalances. A culturally safe environment for Indigenous peoples is one that is physically, socially, emotionally, and spiritually safe without challenge, ignorance, or denial of an individual’s identity. Practicing cultural safety requires having knowledge of the colonial, sociopolitical, and historical events that trigger disparities encountered by Indigenous peoples and perpetuate and maintain ongoing racism and unequal treatment.

3. POLICY

3.1 Individual and Family Wellness
Individual and Family Wellness Supports provide opportunities for both an individual and their primary caregiver or supporter to have short breaks from their responsibilities and to strengthen their personal skills and capabilities. For individuals living with their families, Wellness Supports are often provided by the individual’s extended family and support network. In addition to these natural supports, Individual and Family Wellness is one of the CLBC-funded services that supports the resilience of individuals and families and/or support networks.

3.2 Core and Enhanced Individual and Family Support
CLBC trusts that individuals and their families know how best to sustain themselves and their caregiving. In addition to using natural supports and generic services in their communities, individuals and families may request either Self-Directed or Agency-Coordinated Wellness Supports. CLBC provides Core and Enhanced Individual and Family Support funding for individuals who receive no other CLBC-funded services which can be used for Individual and Family Wellness Supports in addition to other types of support.
