Memorandum

From: Brenda Gillette, CEO
BC CEO Network

To: Home Share Providers

Date: October 17, 2022

Subject: **Home Share Training - Applications Closing, Open Futures Demo**

In 2020, the BC CEO Network ("the Network") received a conditional grant to support the learning and development of Home Share providers and coordinators in the province.

The majority of training will be provided through the Open Future Learning (OFL) platform via conditional grants to eligible organizations, agencies and/or contracted service providers across the province. Grants will be distributed for up to two years. Organizations funded by CLBC to provide Home Share Coordination Services can access the [Application](#) via the 'Main Menu' or 'News' section (www.bcceonetwork.ca) for more information.

Conditional Grant Applications must be received prior to November 01, 2022

For those who have signed up recently for an OFL membership, OFL is holding two demo sessions to walk new members through the site and explain the different resources that they have and some of the ways that you can use Open Future that may not be immediately obvious (for example with groups and with people who receive support). The demo also explains how admins can track users progress and complete their reflective action planning tool.

If you are interested in attending a session email: hello@openfuturelearning.org to indicate which session you would like to join. (Links to the sessions below)
