1. PURPOSE

CLBC supports individuals to have lives with connection in their communities using natural, generic, and paid supports. Families are an important natural support for many individuals and all family members need to be resilient to support one another. When used effectively, Individual and Family Wellness Supports promote stability, reduce stress, and promote individuals and families’ resilience. CLBC provides Self-Directed Wellness Support through Direct Funding to individuals and families and Agency-Coordinated Wellness Support through contracts with service providers.
This policy provides guidance to individuals and families, as well as service providers and CLBC staff that work with individuals and their families. It applies to individuals receiving no other CLBC-funded supports and those who receive support from family caregivers.

2. DEFINITIONS

Agency-coordinated: Services coordinated by a community-based agency.

Criminal Record Check: A criminal record check refers to the legislative requirement set out in the Criminal Records Review Act which involves a search of police records against a list of “specified or relevant offences”. This list is set out in Schedules (1 and 3) to the Criminal Records Review Act and is designed to capture offenses related to physical, sexual, or financial abuse of vulnerable adults. Criminal record checks are run through the Canadian Police Information Centre, Police Records Information Management Environment (the province’s local police database) and the BC Corrections database only returning records related to these listed offences. Checks are also informed by a search of law enforcement databases, in collaboration with the Royal Canadian Mounted Police’s (RCMP) Criminal Records Review Unit, which returns all information related to the Act’s listed offences, including non-conviction information (e.g. outstanding charges, convictions, criminal investigations as well as incidents that did not result in a charge or conviction) that the RCMP unit assesses as indicative of a likely public safety risk when working with vulnerable adults.

Cultural Safety: An outcome of respectful engagement based on recognition of the power imbalances inherent to service systems, and the work to address these imbalances. A culturally safe environment for Indigenous peoples is one that is physically, socially, emotionally, and spiritually safe without challenge, ignorance, or denial of an individual’s identity. Practicing cultural safety requires having knowledge of the colonial, sociopolitical, and historical events that trigger disparities encountered by Indigenous peoples and perpetuate and maintain ongoing racism and unequal treatment.

Direct Funding: An Individualized Funding payment option whereby funds allocated by CLBC are paid to an individual or their agent for the purchase of individualized supports and services.

First Aid Certificate: A qualification awarded upon successful completion of an 8-hour course covering primarily life-threatening emergencies (CPR, bleeding, choking, and other life-threatening medical emergencies).

Generic services: Publicly funded services that all citizens access, for example, libraries, colleges, or community recreation centres.

Immediate Family Member: A parent, child, or spouse.
**Individual:** A person 19 years of age or older who has a developmental disability, as described in the *Eligibility Policy*.

**Individual and Family Wellness Supports (Self-Directed):** A flexible support service where individuals, families and support networks can identify, organize, and pay for services and supports to promote their well-being (formerly referred to as “respite”).

**Natural Supports:** Support provided on a voluntary basis by an individual’s support network, including family, friends, neighbours, co-workers and others. Additional support may come from participation in associations (e.g., social clubs and groups) or community activities that have public participation (e.g., sport teams, adult interest groups like garden clubs and community choirs, faith communities).

**Support Network:** Friends, family and/or community members who provide personal support, advocacy and/or help with monitoring services and who have reciprocal relationships with individuals.
